

Super Surf!

Super Surf is probably one of the most awesome things to hit Traffic Exchanges in quite some time. Robert Puddy, Paul Kinder, Jon Olson, Tim Linden and Soren Jordansen decided that there needed to be a place for surfers to get together, and make their advertising efforts really pay off!

It consists of [Advertising Know How](#), [ILoveHits](#), [Dragon Surf](#), [Traffic Splash](#), and [StartXchange](#), 5 of the top Traffic Exchanges in our industry.

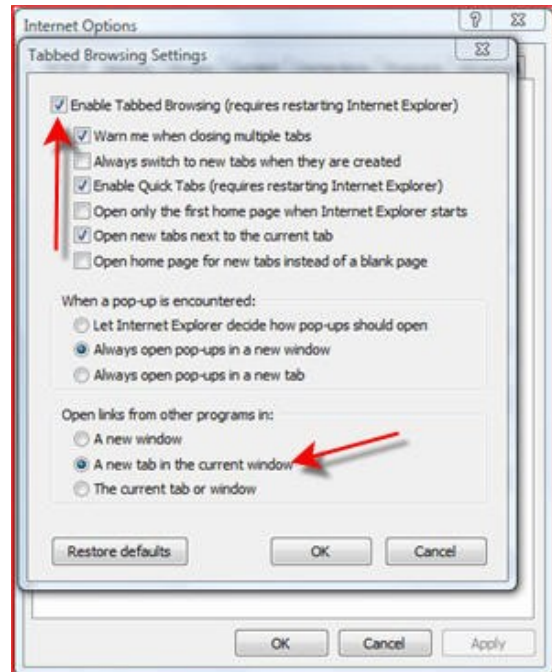

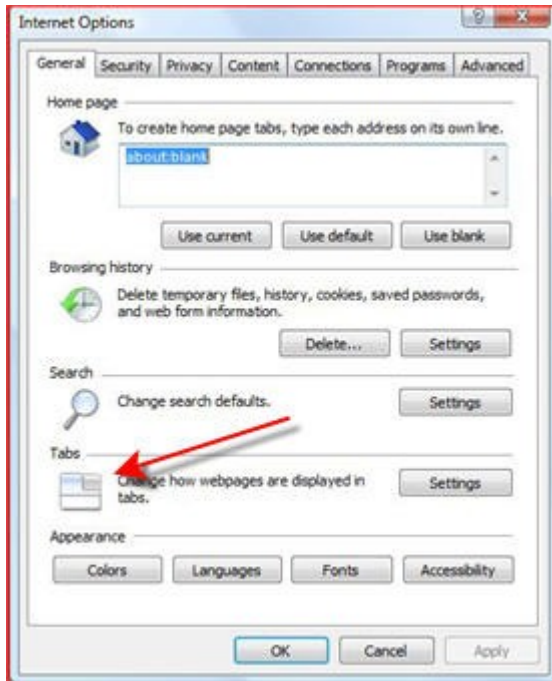

When you take advantage of Super Surf, you'll receive a minimum of a 10% bonus on top of the usual credits you earn from surfing. Follow a regular surfing schedule, and you'll see those credits really go to work for you!

First, make sure you're browser's set up to use multiple tabs. In Firefox, choose "Tools" from the top menubar, then click "Options", and you'll see this window.

Make sure "a new tab" is chosen, and then click "OK".

In Internet Explorer, choose “Tools” and “Internet Options”. In the first picture, you’ll see “Tabs”. Click the “Settings” button, and you’ll see a window that is shown here in the 2nd image. Make sure you have “Enable Tabbed Browsing” checked, and choose “A new tab in the current window”.

Getting started

Advertising Know How

Robert Pudney - Site Owner

“Traffic Generation and List Building Made Easy!”

Welcome, Sunny Suggs!

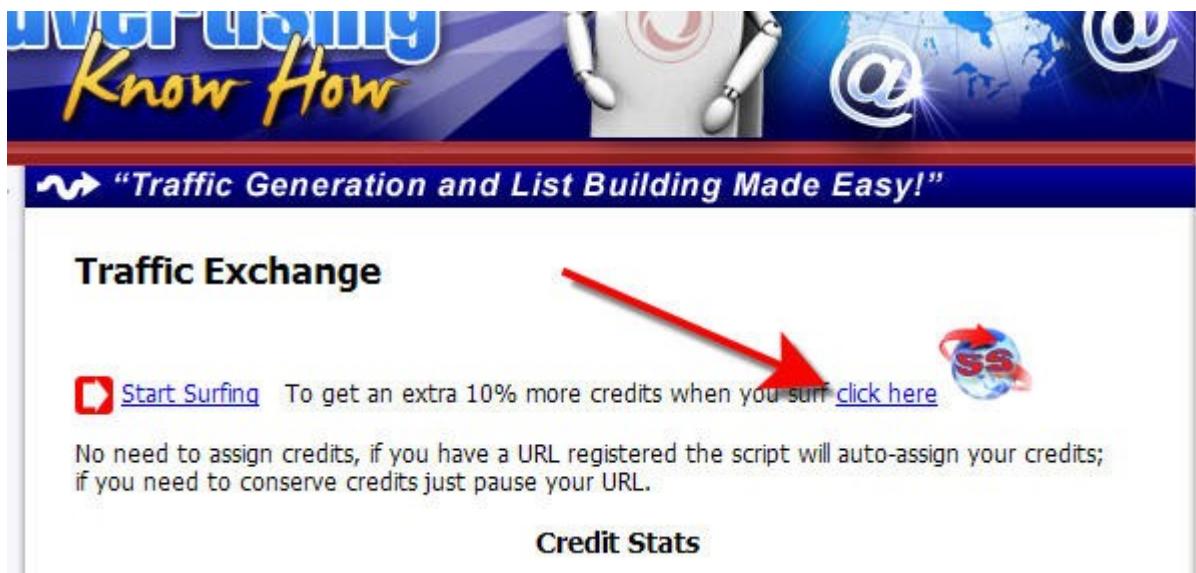

Hi An important message from the

Below are three steps that you should follow to use the Know-How and to use it!

In step 1 there is a place for you to enter a script code you get for a subscription.

Well quite simply we want you to help you do that one of your members will receive a very special exclusive gift which

The best way to get this started, is to go into the member's area of any of the 5 exchanges, and look for the link that says "Get an extra 10% more credits". This is how it looks in [Advertising Know How](#).

Advertising Know How

“Traffic Generation and List Building Made Easy!”

Traffic Exchange

 [Start Surfing](#) To get an extra 10% more credits when you surf [click here](#) 

No need to assign credits, if you have a URL registered the script will auto-assign your credits; if you need to conserve credits just pause your URL.

Credit Stats

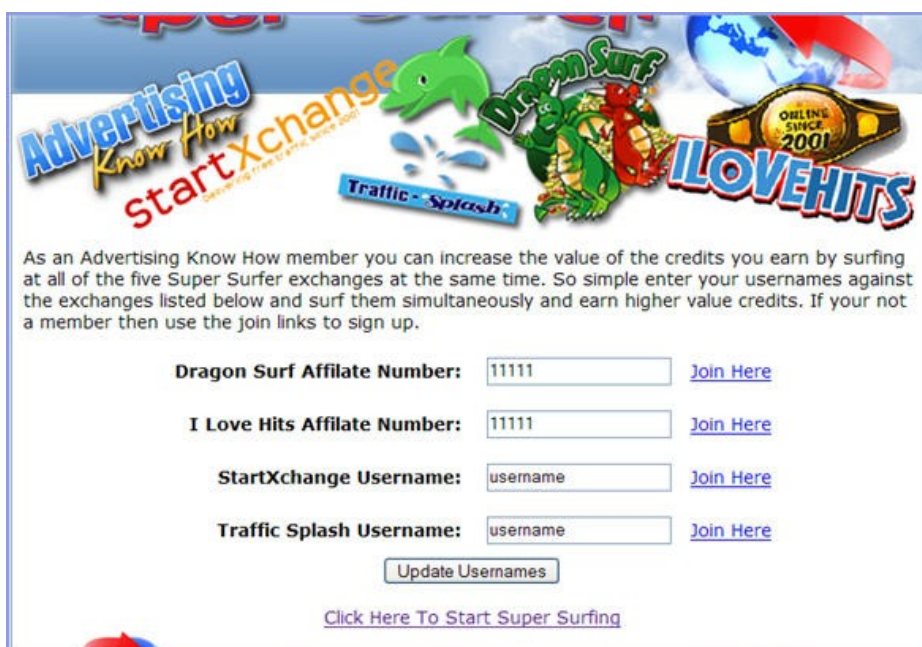

You'll find this area on the [ILoveHits](#), [Dragon Surf](#), [Traffic Splash](#), and [StartXchange](#) member's area page.

Also, [Dragon Surf](#), [ILoveHits](#) and [StartXchange](#) have buttons on the sidebar.

All those links will bring you to this page. Here, you enter your Affiliate Number, or username, depending on the program, into the main database, so it can keep track of your surfing. ([Dragon Surf](#) and [ILoveHits](#) are numbers the rest are usernames).

Dragon Surf

LOVEHITS ONLINE SINCE 2001

As an Advertising Know How member you can increase the value of the credits you earn by surfing at all of the five Super Surfer exchanges at the same time. So simple enter your usernames against the exchanges listed below and surf them simultaneously and earn higher value credits. If your not a member then use the join links to sign up.

Dragon Surf Affiliate Number: [Join Here](#)

I Love Hits Affiliate Number: [Join Here](#)

StartXchange Username: [Join Here](#)

Traffic Splash Username: [Join Here](#)

[Click Here To Start Super Surfing](#)

Once those are entered, click the button that says, "Update Usernames". This will store those names forever and ever. Okay, maybe not that long, but you get the picture.

As an Advertising Know How member you can increase the value of the credits you earn by surfing at all of the five Super Surfer exchanges at the same time. So simple enter your usernames against the exchanges listed below and surf them simultaneously and earn higher value credits. If your not a member then use the join links to sign up.

Dragon Surf Affiliate Number: [Join Here](#)

I Love Hits Affiliate Number: [Join Here](#)

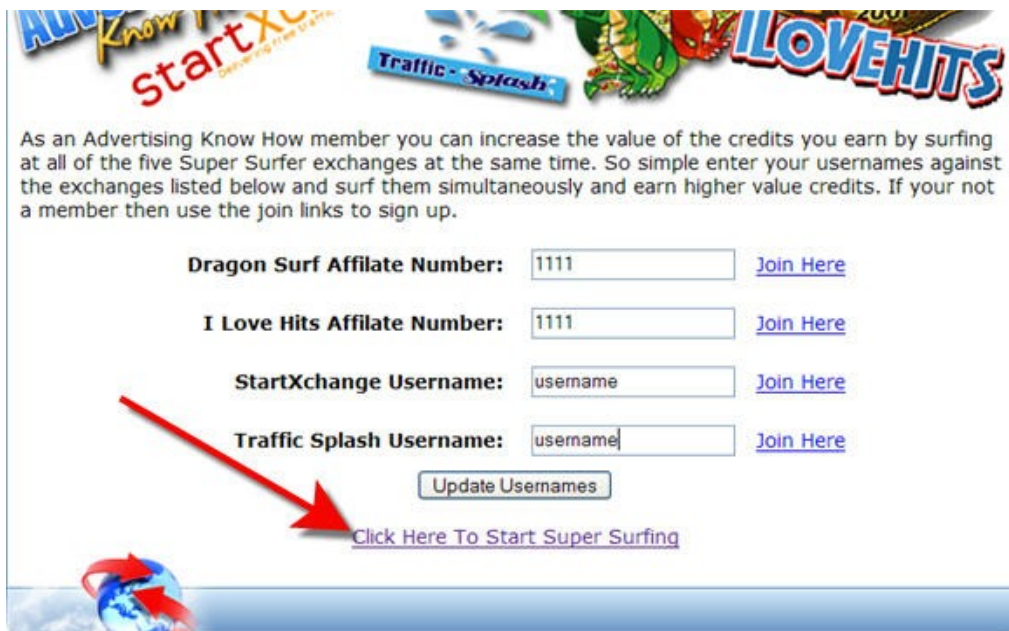

StartXchange Username: [Join Here](#)

Traffic Splash Username: [Join Here](#)

[Click Here To Start Super Surfing](#)

Then, click the link that says, "Click here to Start Super Surfing"!! Yay!!

As an Advertising Know How member you can increase the value of the credits you earn by surfing at all of the five Super Surfer exchanges at the same time. So simple enter your usernames against the exchanges listed below and surf them simultaneously and earn higher value credits. If your not a member then use the join links to sign up.

I Love Hits Affiliate Number: [Join Here](#)

StartXchange Username: [Join Here](#)

Traffic Splash Username: [Join Here](#)

 [Click Here To Start Super Surfing](#)

What will happen now is, all 5 Traffic Exchanges will open up into tabs in your browser.

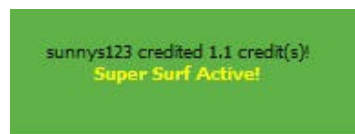

Then, you'll need to log in to each exchange.

Start surfing, like you usually do! Don't be alarmed on the first run-through of the pages, that you can't see any "evidence" of the SuperSurf working. The database needs to know that you're surfing in ALL the programs before it starts. Once it DOES start, you'll see these indicators:

[Advertising Know How](#)

[Dragon Surf](#)

[Traffic Splash](#)

[I LoveHits](#)

[StartXchange](#)

Then surf, surf, surf! Since you are getting more credits for your time, you'll be well able to take that time to check out other people's pages, which is the whole reason Traffic Exchanges exist.

Bookmark the things you want to look at again, or if you want to sign up for something right away, like [BootScootinTraffic...](#)

... by all means, do so.

The SuperSurf WILL time out after 2 minutes, but don't freak out! Just as soon as you click on that 5th correct image... it starts RIGHT back up! Automagically!

I hope this answered all your questions about SuperSurf. If you do have any further questions, feel free to email me at sunny@bootscootintraffic.com, or contact any of the Traffic Exchanges support areas.

Thanks for reading!
